Calling all grandparents!

The programs and staff positions funded by gifts to the Peninsula Education Foundation — from librarians to elementary music and college counselors — make the public schools here world-class, positioning your grandchild for a lifetime of success. Palos Verdes public schools face difficult economic times, even after cost cutting measures have been taken. This year, donations from parents alone will not be enough to meet our $1.5 million goal. Please help by contributing today.

Grandparents from all over the U.S. and overseas are joining now!
