A QUIET GIFT FROM A KIND PERSON

Edwin Rodney Berry was a longtime resident of Rancho Palos Verdes who deeply valued education and his community.

Without fanfare, Ed made estate gifts to nine organizations, including two on the Palos Verdes Peninsula. He has made an enduring impact. Ed's bequest of over \$300,000 is the largest the Peninsula Education Foundation has received to date, and will significantly affect PEF's ability to support our district's students. He donated consistently to the Peninsula Education Foundation although he and his wife never had children.

Ed's family remembers him fondly as a lovely letter writer, especially at Christmas, as well as an active tennis and bridge player and an accomplished target shooter for which he won many tournaments and awards. He and his wife Beth, who passed in 2009, enjoyed their community and their time together. Ed was a 55-year employee of The Aero Corporation where he worked in the aerospace industry until he retired in 2012.

Thank you Edwin Berry! Your generosity will be remembered.
